## Term 1 - Year 1 homework project options

Below are four options for homework projects for this term. Each project incorporates different skills and you should choose at least one of these to complete before the end of term. Each project has a number of house points attached to it; we have allocated the number of house points according to the level of difficulty/time needed for each project.

Although you may choose to complete more than one project, we must stress that it is the quality not the quantity that counts. We would rather have one well-researched, carefully thought out and beautifully presented project rather than three rushed pieces.

All projects should be returned to school in the week beginning **16<sup>th</sup> October 2017**. We will then arrange a time for parents to come in and view your finished work in the last week of term.

Project	Number of house points achievable
1. Make your own weather chart and keep a record of the weather every day for 2 weeks.	15
2. Create a seasonal collage.	5
3. Create a booklet of pictures of yourself wearing outfits suitable for different weather types. Describe what you are wearing and why.	10
4. Find out about the weather in a different country and produce a leaflet about it.	10
