## Year 5 homework project options for term 1

Below are six options for homework projects for this term. Each project incorporates different skills and you should choose at least one of these to complete before the end of term. Each project has a number of house points attached to it; we have allocated the number of house points according to the level of difficulty/time needed for each project.

Although you may choose to complete more than one project we must stress that it is quality not quantity that counts; we would rather receive one well-researched, carefully thought out and beautifully presented project than three rushed pieces.

All projects should be returned to school no later than Monday 16<sup>th</sup> October 2017.
