

PSHE

This term, Year 4 will be learning about different types of risk, the level of contact acceptable between people, and about peer pressure and what to do if we find ourselves in a risky situation.

English

This term we will be reading Charlie and the Chocolate Factory, and writing our own stories set in an imaginary world. We will then begin writing our own explanation texts, linked to our topic.

Art

In art this term, we will be designing and sculpting our own 'fantastical fruits', learning how to manipulate clay into different shapes, and using tools to create different textures.

Computing

Year 4s will be learning to use programming languages, such as scratch, to complete different tasks.

Scrumdiddlyumptious

If you are what you eat, what does that make you?

RE

This term, we will be learning about what Christmas means to different people, what it means to us, and what might be important to us during the Christmas period.

Maths

In maths, Year 4s will be engaging in a long term topic where we will be discovering shape, learning about geometry, and using measures for purpose.

Music

This term, Year 4 will be preparing for their Christmas performances, with Mr Price's class learning how to play the djembe and Mrs Parker's class will be creating a junk band.

PE

This term, Year 4s will be swimming, attempting to achieve their 25m, and will also be participating in boxercise.

Geography

This term we will be using maps and atlases to locate the origin of different food products. We will be tracking the journey of a banana from origin to our homes and why we cannot grow such foods in this country.

Science

Year 4s will be learning about what makes a healthy meal, learning about the 5 food groups and using feely bags to think about how different foods feel and taste.

SCRUMDIDDLYUMPTIOUS

Below are five options for homework projects for this term. Each project incorporates different skills and you should choose at least one of these to complete before the end of term. Each project has a number of house points attached to it; we have allocated the number of house points according to the level of difficulty/time needed for each project.

Although you may choose to complete more than one project we must stress that it is quality not quantity that counts; we would rather receive one well-researched, carefully thought out and beautifully presented project than three rushed pieces.

All projects should be returned no earlier than the week beginning 11th December 2017. We will then arrange a time for you to present your finished work to the class during the last week of term.

Project	House Point Reward
Design a healthy breakfast. You must include fruit.	5HP
Information booklet about a festival involving a special type of food	10HP
Make an interesting and different loaf of bread. Experiment with different flavours.	15HP
Try dip dyeing an old white T-Shirt into a home-made fabric dye made from a strongly coloured fruit or vegetable; such as beetroot, carrots, spinach or strawberries.	15HP
Plan a weekly exercise regime and create your very own fitness film. Encourage a family member to participate with you.	15HP
