Winter Warmer Soup Challenge

October—December 2018
East of England Showground, Peterborough, PE2 6XE

Indulge your children's imagination and inspire them to learn that cooking is fun and rewarding

The children may bring an entry for this competition home.

They need to create their own healthy winter soup that costs no more than £1 per serving.

To enter, they need to write down their recipe, work out its cost and state its nutritional value. E.g. – high in vegetables as it has carrot, beetroot and ginger. The protein comes from the prawns. The carbohydrate is found in the pasta.

We will run a school round to determine the winner for each group then send off the entries to the East of England Showground.

[Return to Mrs Harwood by October 8th.](#)
